Profile

Recent Software Engineering graduate passionate about frontend development and UI/UX design. Skilled in building responsive web applications using modern technologies like React and Material UI, with a keen eye for user-centered design using Figma. Eager to contribute to impactful, real-world projects and grow as a frontend developer in a dynamic tech environment.

Experience

Frontend Developer & UI/UX Design Intern

Bahir Dar ICT Incubation Center – Bahir Dar

📅 Oct 2024

- Designed and implemented responsive user interfaces using React and Material UI
- Created wireframes and prototypes in Figma
- Collaborated with backend developers to integrate API services

Volunteer – Bahir Dar STEM Incubation Center

Frontend Developer & UI/UX Designer

📅 2023

- Developed user-friendly interfaces for internal web platforms
- Participated in brainstorming and design sprints for improving STEM visibility
- Applied Figma for wireframing and UI planning

Frontend Developer – Bahir Dar University Alumni Website

Participant | 2024

- Developed a web platform to track and manage alumni data
- Built responsive frontend interfaces using React and Material UI
- Ensured data accessibility and usability for both alumni and university staff

Projects

STEM Alumni Website

- A platform that connects current STEM students with alumni and tracks alumni whereabouts
- Tools: React, Node.js, MySQL, Git, Figma, Material UI

Feshta Event Organizer

- An event listing and booking system integrated with Chapa for online payments and QR code scanning for event entry
- Tools: React, Node.js, MySQL, Git, Figma, Material UI

Ethiobooking – Service Booking System

- A booking platform for services like beauty salons and photo studios, featuring online scheduling and payment
- Tools: React, Tailwind CSS, Figma, Django, XAMPP, MySQL, Postman
